

NATIONAL ART EDUCATION ASSOCIATION  
SHAPING HUMAN POTENTIAL

### **National Art Honor Societies Privacy Policy**

NAEA makes Sponsor contact information available through the NAEA Member Directory, accessible to current NAEA members only, and provides e-mail, phone, and mailing addresses to contracted state association partners.

On occasion, NAEA may provide limited sponsor data to third parties that offer products and services. This limited data may include name, job title, and school address, but does not include business or personal phone number, fax number, or e-mail address. Sponsors may request NAEA refrain from disclosing their contact information to third parties by contacting NAEA at 703-860-8000 or sending an e-mail to [nahs@arteducators.org](mailto:nahs@arteducators.org).

Sponsors may also update their contact preferences online at any time through the “Communications Preferences” section in their membership profile.

By listing the student email addresses and submitting the roster to NAEA, you represent to NAEA that each NAHS student listed on the roster understands and consents that 1) NAEA may send NAEA program information to the student by email, 2) the student may opt-out of receiving NAEA’s emails any time by following the unsubscribe instructions included in the email, and 3) NAEA will not sell or share student email addresses with any third parties.

Student artwork, photos, and artist statements submitted for publication in NAHS News or the annual NAHS/NJAHS Juried Exhibition may be used in print or digital NAEA publications and promotions, including social media posts. When student artwork is published, the following information is included: name, grade level, school name, city, and state in recognition of the student and their school.

Student information, including student email addresses, are never shared or sold. NAEA may send NAEA program information to students by email; and students may opt-out of receiving NAEA’s emails at any time by unsubscribing.
